#southpride

Hinsdale South needs critical repairs and improvements, including important safety updates, but the community hasn't passed a referendum to pay for any updates since the school was built more than 50 years ago.

And now there's more at stake.

If District 86's revised referendum does not pass on April 2, 2019, **extensive cuts to classes, sports, activities, and staff at Hinsdale South** will start in Fall 2019. The cuts have already been approved by the board of education to cover the cost of needed repairs, focusing on mandatory safety updates.

We can prevent these cuts by passing the April referendum.

Join our team to help our students, and save Hinsdale South's ranking as a top high school, which directly impacts home values.
